- Counselling

Co-ordinator's Corner

by Jane Landman

WELCOME to our quarterly Newsletter. Waimarie: Hamilton East Community House serves the South East area of Kirikiriroa. Community Houses are located in local neighbourhoods and exist to support and serve the local community. We run a variety of programmes and services and we are always open to new ideas and suggestions.

Holiday Programme

The September School Holiday Programme starts on 24 September and will be running for two weeks to 5 October catering for 5 to 12 year olds. Please contact Waimarie for details and enrolments. We are licensed to take up to 20 children and are OSCAR registered which means that parents on modest incomes can apply for a WINZ subsidy.

Elections

Most of you will be aware that local body elections are coming up in October. I am standing as an East Ward Candidate for Hamilton City Council on issues of Heritage, Environment and Community.

Remember you are always welcome to pop in for a cuppa and a bit of a chinwag.

Cheryl on Symmington

CHERYL has been off again on her Eastern jaunts to buy hand made goods such as weaving in Burma. She returned a few days ago to find the garden surviving and very tidy really.

We have had a good winter crop of broccoli, silver beet, cabbages and carrots. We are now growing spring seedlings. A wooden seat is being built around the beech tree.

The woodland garden is looking lovely and will be a real asset to the garden providing food, shade and vegetation for birds and insect life. In a few years we will have our own little bush area to complement the fernery and bird trees at the side of Waimarie.

There is excitement growing in the garden with the planning of a workshop on building Earth Ovens to be held in the community garden. You may have seen Jamie Oliver using one in his garden to cook a variety of dishes; I think their main use would be for bread & pizzas. Once you have participated in this workshop you should be able to build your own. Look out for more information in this newsletter.

There will also be another course on organic gardening to be held in the community house in October.

See you on Friday mornings in the garden.
